Limitless MeetingsSM

The combined power of Limitless VisualsSM and Limitless ConferencingSM

Limitless MeetingsSM

Reservationless, automated audio conferencing combined with on-demand automated web Visuals. And it's easy and flexible to use, and ready whenever you are.

All you and your meeting guests need is both a touch tone phone and a computer with an Internet connection. To join the conference call, each participant dials the Limitless ConferencingSM bridge, enters their PIN code, states their name and presses the # key. To join the Visuals presentation, each participant goes to the www.fascomm.com web site, selects the link to Join a Limitless VisualsSM Presentation, enters their user logon information and is now viewing the Visual and participating in the Meeting. Nothing could be easier or more convenient.

With Limitless MeetingsSM you and our guests save time and money by meeting anywhere, at any time, without the hassle or expense of travel.

Limitless MeetingsSM - Benefits

- No long term contracts or reservations.
- No setup or cancellation fees of any kind.
- Maximum reliability.

Packages starting at \$ 237* per month!

Visit www.fascomm.com to see our other packages and savings!

Limitless MeetingsSM - Advantages

Easy to Use – No training required - designed for all skill levels. Intuitive user interface. Supports planned and unplanned meetings.

Quick – Instant, one-click publishing. Desktop icon can be invoked spontaneously.

Cost Effective –Delivers the highest value and quality of service available for one low monthly fee. Price plans to meet your budget.

Fewer Mistakes - By eliminating the elements of a reservation center and operations center, the mistakes that only a third party can make are eliminated.

See our Limitless ConferencingSM, Limitless ConferencingSM Toll Free and Limitless VisualsSM product flyers for a full overview of the features and benefits of each service.
